INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original master rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original master rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mastering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than master rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

We now learned that
our destination was

on the River about 35
miles from its mouth.
We continued our course
up the River until evening
when we came in sight
of the Post, landed

On the morning of the

of a swamp which at

RECORD OF EVENTS.

In May 1863 this Company with the balance of the Reg't started from the out-post of Richmond, Va. across the country to Grand Gulf which place we reached without any casualties on Thursday the 7th where we remained until Monday the 11th. Col. Stone having command of the Reg't until that time from thence we started to the front of the Army having in charge a large provision train. Owing to the condition of the roads which were very dusty and bumpy we could not march more than 10 or 12 miles per day. We passed through Rocky Spring then to Campagna from there to Jackson where we were inspected the rebels badly we were repulsed from a battle of June 1st to which we marched to Vicksburg.

a little town on the railroad west of Jackson 10 miles - here we halted for the night; in the morning we again started west into town and waited until our Division came up from Jackson when we joined them and proceeded with the army to the investment of Vicksburg, which place we reached May 10th. (at the present this Regt occupies the extreme right of the army occupying rifle pits resting on the bank of the Miss. River above the City.)

In the assault made May 22nd on the walls of Vicksburg by Gen. Sherman's Corps (15th) this Company with the balance of the Regt formed a part of the Charging Column (Gen. Stead's Division) on the right.

Our troops had to run the gauntlet through a heavy fire so on the enemy to gain a position from which the charge was to be made. It was while running this gauntlet that Capt. Spearman & our boys were wounded and Sgt. Barker killed. The charge was a failure.

RECORD OF EVENTS.

This company retained its position (given in muster & pay rolls of June 30, 1863) in the 1st Reg't Iowa Inf. until the morning of the surrender of July 14th. When the Reg't having rec'd orders to march for Jackson, the capital of the State (Miss.) which place, owing to the frequent skirmishes of our advance troops with rebels, was not reached until the afternoon of 19th distance marched 40 miles. On arriving near the enemy works, near to and surrounding the city (Jackson) our Division (1st & 2nd) was formed in line of battle and stationed as reserves. Bringing this Reg't directly in range of a heavy battery of the enemy, firing upon one recently erected by our forces. On Sunday morning (21st) the enemy opened fire which continued for nearly 2 hours (our)

many of their shot, which missed the battery
 in front of us, falling into our line, killing 2 and
 wounding 2. Co. A. of this Regt. On the morning
 of the 16th having previously received orders) at
 advised this Brigade (2nd Woods, 1st Div. 1st A.C.)
 in connection with Scurry's Brigade of Cavalry
 left their position for Canton, Miss. dis-

 evening of the 16th we camped at Calhoun Sta-
 tion, on the New Orleans, Jackson & Great Nor-
 thern R.R. and destroyed the track for some dis-
 tance each side of the station. On morning
 of 17th when within 3 or 4 miles of Canton our
 forces commenced skirmishing with the Rebel
 pickets, which skirmishing continued through the
 day when at night we camped within 1 1/2 miles
 of the town. On the morning of the 18th marched in
 and took possession of the place and proceeded
 to tearing up and destroying R.R. road track, switches
 and all other R.R. property. Some evening marched
 out to new more camping ground and made
 camp for the night. On 19th started for Jackson
 to rejoin our Division which place we reached in the
 morning of the 20th. At 10 o'clock near this place
 the Rebels in the meantime having evacuated some
 4 days or once more set out for Vicksburg with
 a view of going into camp for a time. Arriv-
